

EERA AISBL Presentation

Holger Ihssen
holger.ihssen@helmholtz.de

Institution	European Energy Research Alliance AISBL
Short name	EERA
Name of representative	Dr. Holger Ihssen
Contact details	Holger.ihssen@helmholtz.de +32 2 5000 974

Mission Statement:

EERA delivers on the SET-Plan by connecting and aligning European research to accelerate the research and market uptake of low carbon solutions.

SHIP Competences:

Exchange of information from different project platforms improving the coordination of research actions

- Legal entity requirements
- Mobility of researchers
- Different research infrastructures platforms
- Dissemination platform
- Hub between funding authorities and researchers
- Central link between EERA Joint Programmes
- ...

Participation in INSHIP:

Work package involvement:

WP 1, WP 6, WP 7

Person months (national + EC):

5 pm

Objective:

Support measures to improve joint research activities, by :

- Offering a long term and sustainable legal framework for the project.
- Aligning general EERA mobility challenges with the one of the consortium.
- Support and sustain fora with funding authorities and industry implementing SET-Plan targets
- (Standardise collection of in-kind funding information and other data)
- (Support EERA IRP repository + webshow case)
